

## **DISTRICT 10 BLOCK LEADER GOOGLE GROUP POLICY**

### **Adopted June 2, 2011**

The Google Group, [blockclubleaders@district10comopark.org](mailto:blockclubleaders@district10comopark.org), has been initiated as a distribution list for District 10 block leaders to connect with each other, access information and communicate effectively in between quarterly meetings. Below you will find our Block Leader Google Group Policy, complete with the goals and purpose of the distribution list, typical topics for discussion and how to use the distribution list.

#### **Purpose**

The purpose of our block leader distribution list is for District 10 to communicate District 10 related information that we see as relevant and meaningful to you in your role as a block leader, as well as a way for block leaders to effectively communicate with one another. I will continue to send a monthly e-newsletter, but will use this new account for more frequent communication, and to send you items and updates that may need immediate attention, such as weekly District 10 crime statistics and crime alerts received by the Saint Paul Police Department.

#### **Goal**

The goal is to continually maintain and improve the communication between the District 10 Como Community Council and District 10 block leaders.

#### **Typical Topics**

- Crime issues and statistics
- Neighborhood development issues
- Events and activities in the neighborhood

#### **How to Use:**

All block leaders have been registered as members of the Google group, which will act as a distribution list for the members. E-mail responses to [blockclubleaders@district10comopark.org](mailto:blockclubleaders@district10comopark.org) will be distributed to group members; non-members will not be allowed access, and the group will not receive any emails sent by a non-member. District 10 will act as administrator for the group, and will control the permissions and privacy settings. If you do not wish to be a part of this group, and would like to continue to receive only our monthly e-newsletter, you may choose to unsubscribe at any time, at the bottom of your email.

If you are a Gmail account holder, you can access the group's web interface at <http://groups.district10comopark.org>. All emails will be archived, and you may control your personal settings as well as view other members from this site. Again, you do NOT need to hold a Gmail account to participate. As a member, you can simply send messages through email to [blockclubleaders@district10comopark.org](mailto:blockclubleaders@district10comopark.org) and receive postings and responses from others through your non-Gmail account.

#### **Participation Rules**

- Keep topics within the purpose of the forum
- No advertising, soliciting or spamming
- No attacking, trolling, offensive material or personal attacks
- Private Stays Private - Don't forward private replies without permission.
- District 10 has the right to revoke access, remove, edit, move or close any thread for any reason without notice
