

Working Together to Improve Como Lake

Photo: Annie Huidenkoper

Runoff from local streets and landscapes carries leaves, grass clippings, soil, salt, and pet waste to Como Lake. Find out what the latest research tells us about the lake's water quality and overall health, the challenges a shallow lake like Como faces – and how we, as residents, can become part of the solution.

The free presentation is part of the District 10 Como Community Council Sunday Series. Co-sponsored by Capitol Region Watershed District, Como Active Citizens Network, and Como Dockside.

Sunday June 11
1-2:30 p.m.
Como Lakeside Pavilion
3rd Floor
